Yes, I've been moving to the highway, rambling man
keeps rambling on
Yes, I've been moving to the highway, rambling man
keeps rambling on
Well, you can't seem to see it my way, pack my jack
and I'll be gone
I said trouble, trouble follows easy, follows me
everywhere I go
Trouble, trouble follows easy, follows me everywhere I
go
I can't seem to shake old trouble, trouble got me down
Lord, I woke this morning feeling hazy, my good gal
she done left and gone
Yes, I woke this morning feeling hazy, my good gal she
done left and gone
She said I was dumb and lazy, ain't no truth in that at
all
