She hangs around with another guy  
I met only yesterday  
He's a hard cold cooker, a fine looker  
He took that woman away  
He took my woman away  
She's in love, she's in love with another man  
That's the way it goes  
She's in love, she's in love with another man  
A hard cold cooker, he really shook her  
If you see her, it really shows  
He drives a fine set of wheels, let me tell you  
He's got diamonds in his ears  
He's a real jim-dandy, with her he's so handy  
Such a scene, make you break out in tears  
Such a scene, make you break out in tears  
She's in love, she's in love with another man  
That's the way it goes  
She's in love, she's in love with another man  
A hard cold cooker, he really shook her  
If you see her, it really shows  
If you see her, tell her I still love her  
No matter what, no matter when  
It will be a good day when he goes away  
And she comes back round again  
And she comes back round again  
She's in love, she's in love with some other man  
That's the way it goes  
She's in love, she's in love with another man  
A hard cold cooker, he really shook her  
If you see her, it really shows
