Well, I've been out on the street since yesterday  
Been looking for the woman that got away  
A long-legged thing with a red dress on  
The kind of woman you can't leave alone  
Listen, if you see her, send her my way  
Looking for the woman that got away  
The last time I seen her she was looking good  
I had a feeling that she understood  
She slipped through my fingers in the middle of the  
night  
I've gotta find my woman and treat her right  
Listen, if you see her, send her my way  
Looking for the woman that got away  
If I ever get my hands on that woman again  
I'm gonna lock my door and keep her in  
She won't do no travelling, won't follow me 'round  
I'm gonna keep my woman and leave town
