Verse 1

We've flirted I've heard it all before you wanna show
me now, yea

I've sat and I've waited filled my head up round with
doubt

I didn't think that you would come around and see it my
way

But you build up all the courage now Tonight you're the
water and I'm ridin' you're waves today

Chorus

So shawty wait until the lights go out There's no more
talkin' and no more teasin' nothing but pleasin'

Wait until the lights go out Let's loose the power for
bout an hour say ooh

Shawty wait until the lights (2x)

Verse 2

I've never told you that the way you be talkin' to me
excites my whole world

But now it's class time girl if you don't mine lets show
and tell

I got in good with your best friend so that you'll never
forget me And all the trash that we be talkin' to her it's
entertaining

Chorus

Verse 3

If you're ready hold it steady girl lets get into it Turn off
the moon Flip the blinds but some shade to it Put your
body in position for submission Straight shovelin' while
I'm diggin' no need for no electrician when the lights....

Ooo when the lights, when the lights, lights.....

Chorus
