Blues for mama
Blues for mama

It just seems wrong to sing this song
'Cause she's not here where she belongs

Blues for mama
Blues for mama

Rest her soul, she's grown so cold
Her touch is like the winter snow

Blues for mama
Blues for mama

She went away only yesterday
I couldn't help, what can I say?

Blues for mama
Blues for mama

Blues for mama
Blues for mama

She made her run
She can't be done
She's the only one

Blues for mama
Blues for mama
