Somebody call for the doctor, I think I'm sick  
Ain't had my medicine in over a week  
My mind's fine but my body feels weak  
Call the doctor, I think I'm sick  
A shady lady took all my bread  
Ravished my body, lord, and messed with my head  
I don't know but I've had my fill  
Call the doctor and tell him I'm ill

My money's gone and I've got no place to go  
I don't believe I've ever felt so low  
If you've got the time while you hang around  
Call the doctor and tell him I'm down
