

J. J. Cale **"Crying"**

Visit "[Crying](#)" on MotoLyrics.com

Every time I see you, all that you do
Crying, crying, crying
You've been shedding them tears for too many years
Crying, crying, crying

You've been lonely too long, something went wrong
Did he leave you again with them blues?
Your sun don't shine, your day's no round
Crying, crying, crying

You've been lonely too long, something went wrong
Did he leave you again with them blues?
Happy your day, I'm comin' your way
No more crying, crying, crying

No more crying, crying, crying
No more crying, crying, crying
