Well I'm going down to Memphis
With my heart in my hand
Funny frisky woman that do needs to love me mad
I'm gonna tell her what she wants to, dear

I'll be kissing soft and low
Yes I'm going down to Memphis
Ain't got too far to go
I'll be figuring 'round them bushes, searching
everywhere
It's all about them Memphis girls, they're everywhere
They can spread their wings around me
Let them flew in flock
Yes I'm going down to Memphis
Ain't got too far to go
Ain't no detours on my pathway
No crossroads I can see
Having fun down in Memphis
Memphis Tennessee
With those everlovin' women
The reason that I know
Yes I'm going down to Memphis
Ain't got too far to go
You can talk about that costume ball that goes most
everywhere
You can see that ol' man river rollin'
Past the city square
You can feel the heat of summer
But there's one thing that I know
Well I'm going down to Memphis
Ain't got too far to go
Yes I'm going down to Memphis
Ain't got too far to go
