Monday morning comes too early  
Work my back to the bone  
All day Monday I keep thinking  
"Weekend's coming, gonna go home"

Tuesday I hate, oh Tuesday  
Ain't no girls on the street  
Tuesday it ain't good for nothing  
Drinking beer and watching TV

Friday, Friday evening  
Come on Friday, it's been too long  
Friday, Friday evening  
Come on Friday, I wanna go home

Wednesday's hump day, hump day's Wednesday  
Over the hump, the week's half-gone  
If I had my pay on Wednesday  
I'd hang out, the hump day's gone

Thursday, you know I feel better  
I can see the end in sight  
Think I'll write myself a letter  
Help myself through the night
