You told me you didn't love me no more
Yes I heard that one before
Same thing, same news
Treat me like a fool that you can use
Let me tell you, I won't be kind
You can put it right there
Where the sun don't shine
I ain't lying
Where the sun don't shine
You can take this and put it away
You can give it another day
Just remember, keep this in mind
You can put it right there
Where the sun don't shine
Last time I seen you, it was on my back
Been so many times, I can't keep track
You play around, you know it's true
I've got some information, just for you
If you talk to me, you will find
You can put it right there
Where the sun don't shine
I ain't lying
Where the sun don't shine
