You don't come here too often.
You make my day when you come around.
You know I love you something awful.
You're a diamond I have found.

Wish I had not said that
baby.
If I could only close you out of my mind.
Sunset passes oh so sweetly

Gives a man just time to think.
Freeze the image of your body

Fantasy is just a blink.
Wish I had not said that
baby

...
It don't matter what you're into

If I could taste you once again.
Feel the pain and the pleasure

We could make it to the end.
Wish I had not said that
baby

...
Wish I had not said that
baby

...
