I'm.....

Anybody ever been here...

I just want to take a lil time and speak my peace

(J. Moss)

Everyday is a mad race movin at a fast pace...ya'll

Never seem to get a break never seem to get a way..Naw

If it ain't working hard its being a dad or mom...

I'll be the first to admit of neglecting the relationship,...

With God(Not talking to u)

With God(Not spending time with u)

With God(Like I should forgive me I'll do better)

Chorus

I'm Not Perfect but I'm trying

(when u needed me there were a few times I did not come running)

I'm Not Perfect but I'm working

(when u wanted more I would give u less and Lord I'm sorry)

I'm Not Perfect but I'm getting closer the more that I know u

(Please give me another chance)

I'm Not Perfect but I'm better than I was on yesterday

(Anthony Hamilton)

Everytime I think about the times u bail me out God

(You've been so good to me)

Just want to scream and shout

If it ain't a conference call or playing basketball

I may forget to pray its been part of my day

With God(for not talking to u)

With God(never saying thank u)

With God(Like I should forgive me I'll do better)

Chorus

I'm Not Perfect but I'm trying

(when u needed me there were a few times I did not

come running)
I'm Not Perfect but I'm working

(when u wanted more I would give u less and Lord I'm
sorry)

I'm Not Perfect but I'm getting closer the more that I
know u

(Please give me another chance)

I'm Not Perfect but I'm better than I was on yesterday

Chorus

I'm Not Perfect but I'm trying

(when u needed me there were a few times I didn't
come running)

I'm Not Perfect but I'm working

(when u wanted more I would give u less and Lord I'm
sorry)

Vamp

I'm Not Perfect

(Ur the one I love the most)

So how can I

(Forget to say I love u)

Always....

(How u look beyond my pride inside and blessed me)

Anyway....(u loved me)

I'm Not Perfect

(u gave ur life for me)

So how can I....

(act like I don't hear u) Always...

(Let me come back to u)

Anyway...

(forgive me)

(Lord I'll never never turn my back on you again)

Chorus

I'm Not Perfect but I'm trying

(when u needed me there were a few times I didn't
come running)

I'm Not Perfect but I'm working

(when u wanted more I would give u less and Lord I'm
sorry)

I'm Not Perfect but I'm getting closer the more that I
know u

(Please give me another chance)

I'm Not Perfect but I'm better than I was on yesterday
