I'm not one to make excuses.
I'm not one to place the blame on others.
I'm not one to take the easy way out.
I'm just a man trying to do the best I can.

The greatest commandment is to love one another.
And even more, love the Lord even better.
When it's all said and done,
And when a rainy day comes
Take my hand and understand
I'm human.

I keep thinkin' bout where I went wrong.
It's keeping me awake at night all alone.
But what I realized underneath all of us are really just
the same.
I'm just James.

I lived another day to tell somebody
If you're in trouble we can pray about it.
And I don't really need to know what happened.
But since I love you I can feel your sadness.
I'm a witness God can set you free.
'cause I remember what he did for me.
When it's all said and done and your rainy day comes,
I'll take your hand and understand that you're human.

James (repeat)
Jesus (repeat)
He's working on me.

I keep thinkin' bout where I went wrong.
It's keeping me awake at night all one.
But what I realized underneath all of us are really just
the same.
I'm just James.

He's working on me. He's working on me. He's working
on me and not through with me yet!
