From sickness and diseases  
Depression beyond measure  
You have kept me, oh  
The more I think  
The more I think I thank You

Through hatred and anger  
And stragglers and stumbles  
You have made me strong  
The more I think  
The more I think I thank You

Down and out and talked about  
Cheated and mistreated  
You have carried me, oh  
The more I think  
The more I think I thank You

I thank You for Your intervention  
When I needed You to come and get me  
Lifting the standard when evil arises  
The more I think I thank You  
The more I think I thank You

From muggers and rapers

Opressors and racists  
I am never left alone  
The more I think  
The more I think I thank You

From layoffs and demotions  
Evictions and convictions  
You have held me close  
The more I think  
The more I think I thank You

I thank You for Your intervention  
When I needed You to come and get me  
Lifting the standard  
The more I think I thank You

I thank You for Your intervention  
When I needed You to come and get me

Can't nobody do like Jesus  
Can't nobody do like Jesus  
Can't nobody do like Jesus  
Can't nobody do like Jesus  
Can't nobody do like Jesus  
Can't nobody do like Jesus  
Can't nobody do like Jesus  
Can't nobody do like Jesus

The more I think I thank You  
The more I think I thank You  
The more I think I thank You
