[Rap]

Oh no, thought it'd never come  
That day that I'd tell her that I gotta run  
Run, run back to the savior do my labor  
'Cause His word is razor sharp  
I forgot I hid it in my heart  
Gotta do a clean sweep on the spot and drop  
Everything that ain't clean  
Don't take it for being mean  
'Cause a brother's gotta fulfill his dreams  
Ya mean?

[Verse 1]

You made my toes bring my balance to the floor  
You made my feet walk right over to your door  
You had my ankles, tangled and puzzled  
You had my knees to the point they buckled

(What you're doing to me)

In the light of day, I'd stumble over your way  
Couldn't wait for the right time,  
The high time,  
The right time

Being as it was, we had to close the door  
It was like turning away from a million bucks,  
But I can't see you no more

[Chorus]

Like the cold of a lonely night  
The draft of a window not shut tight  
I've got a hunger for being right  
That's what I'm living for  
I'm living for  
Enticed by the things you do  
It's a one-way ticket to Devil's Hell fooling with you  
My soul longs to be true  
That's what I'm living for  
I'm living for

[Verse 2]

You had my legs on a virtual restrainer  
I could not move without permission from my trainer  
You had my arms and hands wrapped around your love

You made my heart bust

In the light of day, I'd stumble over your way  
Couldn't wait for the right time,  
The high time,  
The right time

Being as it was, we had to close the door  
It was like turning away from a million bucks,  
But I can't see you no more

[Chorus]

[Bridge]

I give my life not unto temptation

Nor condemnation

For my salvation

Is more important to me

[Chorus to end]
