I know you out there baby, so where

There's someone out there for me  
I know there's somebody out there  
I know she's waiting so patiently. (yea)  
can you tell me her name (Somebody tell me her name)  
this life long search is gonna drive me insane. (that's  
right)  
how does she laugh, how does she cry, What's the  
color of her eyes,  
does she even realize I'm here

Where is she, where is she, where is she, where is this  
beautiful girl.  
Who is she, who is she, who's gonna complete my  
world.  
Where is she, where is she, where is this beautiful girl.  
Who is she, who is she, who's gonna complete my  
world.

La la la la la la la.. la la la la laa.. La la la la la la la..

Saluna:  
I'm starin out at the sky, (I see you baby)  
prayin' that he will walk in my life.  
where is the man of my dreams (I'm right here)  
I wait forever, how scary it seems.  
how does he laugh, how does he cry, What's the color  
of his eyes,  
does he even realize I'm here

Where is he, where is he, where is he, where is this  
beautiful guy  
Who is he, who is he, who's gonna take me so high.  
Where is he, where is he, where is this beautiful guy.  
Who is he, who is he, who's gonna take me so high.

La la la la la la la.. la la la la laa.. La la la la la la la..

J. Roman:  
Where are you
