J Williams
In the works
This is from the heart yo
You feeling this ?
Let's go !
Oh I don't wanna lie to you
Let me be straight forward
Can I talk to you ?
I hope this aint awkward
Do you have a man ?
If you do then I apologize
If not then I'm wondering if I can
Take you by the hand girl
Bring you into my world
Or take you on a date girl
And talk to you
Whatever you say we gon do
We can take my ride
You can bring your friends too
I just wanna be with you
You, you, you, you, you
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
How about I take you shopping ?
Buy you anything you like
Chanel, Victoria Secrets
Anything that might
Make you happy
Or what about something a little different ?
Something out of the ordinary
Like
Run away to another place
Looking forward to you under the stars
Or we can go right here to the park
Its up to you whatever you say we gon' do

We can take my ride, you can bring your friends too
I just wanna be with you
you, you
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
I like it how I just met you
But I feel like I already know you
I like how you a lil shy
Who's gorgeous I wont lie
But the thing that struck me first was your smile
Your smile is so tempting to me
Can I take you out?
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
Can I take you out ?
Will that make you smile ?
We can take our time
I'll blow your mind
