I would like to advise  
against all of the lies  
your life can't be found on the ground  
in a pound  
let me take you up to the skies

And I am, I know, I am above it all  
I feel, I feel, I feel so very tall  
I am, I know, I am above it all  
I AM... I guess i'm very tall..

Lookin' down at the birds flyin'  
Kickin' boats in the sea cryin':  
"I can flick the sky on and off..."  
"I can flick the sky on and off..."  
"I can flick the sky on and off..."

(hee hee hee hee hee)

I am, I know, i'm a new dimension  
Red Green, Stop Go, Don't stay in apprehension  
Don't live your life in Fiction  
Only seeing in Fractions  
Soon you'll see all the love and truth behind my vague  
intentions..  
And I am, I know, I am above it all  
I feel, I feel, I feel so very tall  
I am, I know, I am above it all  
I AM... I guess i'm very tall..

Lookin' down at the birds flyin'  
Kickin' boats in the sea cryin':  
"I can flick the sky on and off..."  
"I can flick the sky on and off..."  
"I can flick the sky on and off..."

No way.. No way... No Way are you gonna  
Drag Me Down...

Lookin' down at the birds flyin'  
Kickin' boats in the sea cryin':  
"I can flick the sky on and off..."

Lookin' down at the birds flyin'  
Kickin' boats in the sea cryin':  
"I can flick the sky on and off..."  
"I can flick the sky on and off..."  
"I can flick the sky on and off..."
