I say hello, you say goodbye
I walk away with a tear in my eye
more than just friends, well it depends
Never with me, never with me

I've sailed the seas, i've seen the sun
with no one by my side
I've ran the race, and continue to run,
but where's my prize?

Starlight, Star bright,
can i take your picture tonight?
Starlight, Star bright,
may i take your picture tonight?
Starshine, you're mine,
but your heart floats away with the night,
your heart floats away with the night...

You never knew, that I loved you
But what would it do, would it change you at all..

Oceans apart, you're still in my heart
Never to leave, Never to leave

I've sailed the seas, i've seen the sun
with no one..

Sail away, today
never see, tomorrow
so i'll just dream of yesterday...

Starlight, Star bright,
may i take your picture tonight?
Starlight, Star bright,
to help remember the night?
Starshine, you're mine...

Starshine, you're mine
but your heart floats away with the night
your heart floats away with the night
your heart floats away with the night...
