Fickle and Finite..
This is a fuse without dynamite..
Sizzle and Sparkle..
Into nothing at all..

Walking a tightrope..
It's wrapped around your neck now..
Tighter and Tighter..
This choice is up to you now..

Being young and stupid is getting worse as we get
older
Being young and stupid is getting worse as we get
older..

Patterns are set, potential is fleeting,
Chemicals regulate and hearts stop beating
Patterns are set, potential is fleeting,
Chemicals regulate and hearts stop beating

Terminal twilight
stuck in the shadows of day and night
Sulphorous snake bite
This is venom you control
Helpless and hopeless
These are the things that i refuse to believe..
but the zig zag white lines, keep chipping away at you

all the time..

Being young and stupid is getting worse as we get
older
Being young and stupid is getting worse as we get
older..

Patterns are set, potential is fleeting,
Chemicals regulate and hearts stop beating
Patterns are set, potential is fleeting,
Chemicals regulate and hearts stop beating
Now...

2 sticks turn to 6

6 hits turn to 12
divided by the white lines that take you
further from yourself

these 2 sticks have turned into 6 and
6 hits have turned into 12
divided by the white lines that take you
FURTHER FROM YOURSELF....

Patterns are set, potential is fleeting,
Chemicals regulate and hearts stop beating
Patterns are set, potential is fleeting,
Chemicals regulate and hearts stop beating..
