They tell the children pledge allegiance  
it's not as if they have a choice  
trained early not to question  
which country is the best  
build up the military at the expense of hte poor  
at the expense of the poor  
we must protect world freedom  
no matter what their choice

*It's Not right there's no reason [x4]  
they teach the children hatred for  
communist governments*

*they're just our reflection  
mirror image of stupidity  
they both tell lies in the name of justice  
they both demand loyalty from their subjects  
[Chorus]*
