I'm watching the wind blow back thunder across the sky  
white lightning cracks and bends while my hair stands  
on end  
rain falls like an avalanche cascading down on my  
head  
i'm running for shelter realizing there's none nowhere  
rain falls down beneath the clouds  
tunder crashes, roaring loud  
I'm standing outside, so far from home  
this black night I'm all alone  
and it grows calm, but sprinkles on  
releif's in sight, till lightning strikes  
in an instant, a tree cries then crashes down on the  
ground  
it once was a living thing, standing tall and proud  
I want to surrender, but I'm already a prisoner  
I got to get my shit together to weather this lightning  
storm

rain falls down beneath the clouds  
thunder crashes roaring loud  
I'm standing outside, so far from home  
this bleak night I'm all alone  
and it grows calm, but sprinkles on  
releif's in sight, till lightning strikes - twice
