Mister secret agent man  
Running around the globe  
He carries a knife and dagger  
He carries a gun and sword

Don't ask him who is he fighting  
Or who is he fighting for  
Just remember that I told you  
Remember I told you so

Mister secret agent man  
Don't know how to just say know  
Bringin' coke into the country

To support the contra role

His methods they are ruthless  
To him the truth is just a lie  
He's got his bugs in the bedroom  
He's got his eye in the sky
