(Verse 1)

Why don't you come with me  
Show you how things would be  
Kickin it relaxin and  
Chillin with your favorite man  
We'll have a good time  
Yeah a good time  
Sippin on some fine wine  
Livin in the limelight  
Forget your man  
He don't give a damnn  
And if he really did  
Then why he cheat 5 times?  
C'mon girl  
I'll take you to a private park  
Together you and me  
Kickin it till it gets dark  
Now tell me  
Ain't that a better plan  
Feeling what I'm saying ma'  
I hope you understand  
That I, really,  
Wanna give you the world  
Give it to ya baby girl  
And let our passion unfurl  
(Yes)  
Yup now you know that's it's free  
Que tu dice mamita  
Porque yo digo que si  
Te lo juro que tu no te vas a repentir  
And all you gotta do girl is...

(Hook)

All you had to do was take my hand  
Pack your bags go get ready cuz we travelin mann

All tha way to Trinidad
