[Verse 1 - J.Flo]

I sit back, look at the sky and reminisce
Thinkin of the times that we really gonna miss
Yea, cuz it's a world full pain
Children dyin everyday,
And we don't give a damn
Tainted black hearts
Is what we really have.
Followng the media
Instead of lending a hand
Materialistic things be corruptin up ur thoughts
Blurrin up your vision wether you notice it or not
Been strugglin a million to make it in the game
So I'm lookin up to God
Tryna proven myself a man
Can I get through all the sorrow and the pain
All the stress is in my heart
Can I let it burn to flames
I'm tired of hopin and waitin for a better day,
Anticipating the moment this madness clears away
We can do it now
You can be the change

[Chorus - Romeo/J.Flo] x2

(Pain)
We just sit back and toke
Looking up at the sky
In a world full of smoke

(Pain)
Kneel and pray to the sky
Hopin what we do now
Will live forever
No lie

[Verse 2 - Romeo]

All the shit that I've come to gain
Comes from the years of the fuckin pain,
As you can see my life is strange,

All ma bruthaz stuck in the game
Money and respect is the shit you blame
No way out it's all the same
Todo lo mismo en el mundo
Matando andan que profundo
Ya no aguanto ya estuvo

How come the ghetto ain't got a hero
I grew up a fuckin zero
Romeo Y J.Flo you feel what we wrote
