Chains of love won't let me be
They keep haunting, haunting me
Free my mind from their vice
Chains of love, cold as ice

That old key, I've yet to find
That unlocks those ties of mine

Ain't no way I am told
No you cannot break the hold
Chains of love won't let me be
They keep haunting

Once you get down, you will know
They won't ever, ever, let you go
Chains of love all wrapped in now
Break these bond, I don't know how

Chains of love will follow you
Don't matter what you do
Free my mind, from this vice
Chains of love, cold as ice

Chains of love won't let me be
They keep haunting, haunting me
Free my mind from their vice
Chains of love, cold as ice

That old key, I've yet to find
That unlocks those ties of mine

Chains of love won't let me be
They keep haunting, haunting me
