She's on the rounds, that's what they say
I heard the news only yesterday
She's on the prowl like a Siamese cat
I hope I'm where it's at

She's got a lover, it's a guarantee
That her new lover, it ain't me
She's got a lover, that's what I'm told
And she's got a lover, I'm out in the cold

She's on the rounds, that's what they say
I heard the news only yesterday
She's on the prowl like a Siamese cat
I must not be where it's at

She's got a lover, puts her in a trance
She's got a lover, I ain't got a chance

She's got a lover, it's a guarantee
That her new lover, it ain't me
And she's got a lover, that's what I'm told
She's got a lover, I'm out in the cold
