"Things Ain't Simple"

It's so sad to say

Talking about yesterday

All those good times are gone

The way we were was fun

Always on the run

Things ain't simple anymore

We took love easy

One day at a time

I keep those memories in my mind

And a day goes by

I don't stop crying

Things ain't simple anymore

We were younger then

___ now again

All those good times are gone

Heaven ___ ___ somehow

Things ain't simple anymore

We took love easy

One day at a time

I keep those memories in my mind

And a day goes by

I don't stop crying

Things ain't simple anymore
