{Hello, hello people out there in the world of the  
America

This is your host, Bobby Creep  
I'm here with my special edition of  
The Lifestyles of the Scared and Famous}

{I'm here with the worlds most scariest rapper, 50 Cent  
He's here with six bodyguards  
And he has a bulletproof humbee  
Humvee excuse me, humbee for bombproof what that  
is}

{An' I'm tellin' you this car is amazing  
You have to see it on the street  
It only comes in two colors  
Gunmetal and black  
50 has gunmetal  
(Ay yo fuck this shit)}
