{Hello, hello people out there in the world of the
America

This is your host, Bobby Creep
I'm here with my special edition of
The Lifestyles of the Scared and Famous}

{I'm here with the worlds most scariest rapper, 50 Cent
He's here with six bodyguards
And he has a bulletproof humbee
Humvee excuse me, humbee for bombproof what that
is}

{An' I'm tellin' you this car is amazing
You have to see it on the street
It only comes in two colors
Gunmetal and black
50 has gunmetal
(Ay yo fuck this shit)}
