Chris Black (Skit) (One of us) Yeah, Rule  
(One of us) Yeah, nigga If God were one of us (One of us)  
What about that?  
What if he was? What if he was me? (One of us) What  
the fuck would I do?  
Lord, when I die pacify, crucify me  
I rock a Devil cross, one's for the soul one's for the  
body  
If I'm built then God dies, I wanna see God cry  
Real tears from a burned out life in ten years  
I swear I got the Devil in me, with no fear  
If I hear I can't see, if I can't see I can't hear  
It's the eerie little thing between deathness and  
blindness  
Weakness and kindness, rejects and primaz  
I'm on this when I'm hollerin' "Dear, Lord take me" (One  
of us)  
"cause I ain't really happy here, can you blame me?  
It's game done changed me, made me an animal  
I can't even laugh no more, my kids plot for me now  
I'm the one-and-only, my momma's only child Lord,  
save me before I go crazy  
"cause if you, live through the strangest To die from  
the pain  
Tell me, would you believe that you could breathe  
again? (Chorus)  
If God were one of us (One of us) Would he sin and  
love to lie? I wanna know  
If God were one of us (One of us) Would he freakin' live  
his life? I wanna know  
If God were one of us (One of us) Would he use his  
name in vain? I need to know  
If God were one of us (One of us) Would he believe that  
he could breathe again?  
Yo, yo Now let's look at things from a right hand Would  
if you was that man  
Would you run wit me? Gun wit me?  
Would you understand the husstlin', the struggeling  
Livin' the most dope heads, raisin' your kids and  
runnin' from the Feds  
We'd be bound to bump heads, 'cause you livin' my  
life

All righteous, and you said Liberacci's was right  
But there's two sides to life - one dark, one light  
If you lighten up forever you can dig to the night  
Wrap them guns over there, and bring 'em on ova' here  
(One of us)  
"cause my God is bigger down your god down here  
Now we ride jet sled baby, bubble in Ba-Namb  
"cause Rule and the Lord got it goin' on

Been, know to do, bad shit, I'm so heavenly, butt so  
devilish  
If, you, live through the strangest to die from the pain,  
tell me  
Would you believe that you could breathe again?  
(Chorus) Yeah, Yeah, Yeah, Yo  
Let's trade places, Rule be Spirit, God be flesh  
And let's see just how, weak the flesh gets  
Now you call on me, "Every night bend your knee"  
Until your start to realize I ain't answerin'  
Now you hang up the phone, Lord, pick up the chrome,  
Lord  
Can I blame you, Lord, for needin'a feed Washores  
Got a wife that you love, yet you still lust whores  
And I'm supposed to judge you, on earth where it's  
ugly  
You might as well aim at the sky, slug me (One of us)  
"cause I ain't bein' a Fair God, when life is so hard  
I know what'cha goin' through, every move you make  
Every crime committed every little mistake I still got  
love for ya, fair is fair  
As long as you repent you'll be good up here (Baby)  
"cause if you live through the, strangest to die from  
the pain, tell me  
Would you believe that you could breathe again?  
(Chorus) x4 Yeah, uhh  
Yeah, uhh, yeah, c'mon, tell me Uhh, man, c'mon tell
