I wanna be your chick
I wanna be down for you
Do ya trust me? Yeah
Love me? Yeah

You're putting it on me
You must be, ya down down ass chick
I wanna be your chick
It only for the Rule baby

I'll ride for you
Down for you, do anything you
Want me to
I'll be ya down ass chick

Yo, this is no intention of bein' offensive to women
By callin' y'all bitches
My down ass bitches
But still, my queen bitch's cut look clean

On ya finger next to the finger ya flipped at me
And it's no in between me and you
Only me and you, who else gon' put it on you
Like the Rule?

And God only looks after, children and
Fools and you neither, so who gon'
Look after you?
Rule baby

True baby, it's only for you baby
Vita's thighs only divide, if you inside
'Cuz I, love the way you touch me
Nobody can get it

And if it's comin' or gunnin'
Just consider it spited
So when you gone for a minute
I just fantasize, like if it's you

That's all in it, then I'm satisfied
'Til you come back to me

Holdin' stacks and jewels
V I T A and my nigga J A Rule baby

I wanna be your chick
I wanna be down for you
Do ya trust me? Yeah
Love me? Yeah

You're putting it on me
You must be, ya down down ass chick
I wanna be your chick
It only for the Rule baby

I'll ride for you
Down for you, do anything you
Want me to
I'll be ya down ass chick

I'm gonna be here when ya need
Rule baby, can always count on me
And you know you never have to worry
(Worry)
You know I'll make it in a hurry
(Hurry)

I'm here for ya, and I will never leave
Shed tears for ya, 'cuz boy ya got to me
There'll never be another for me
(For me)
You'll always be my one and only
(Only)

Baby girl, would you bust ya gun wit me
(Yeah, yeah)
Lie ta da fed when they come get me?
(Yeah, yeah)
And if I die would you kill for me?
(Yeah, yeah)
Are you trustin' me?
(Yeah, yeah)

Are you lovin' me?
(Yeah, yeah, yeah)
Let's get it gwennin' like we Ash ford and
Simpson or Ike and Annamae

One of the good days
You smile like sun rays
5'5" with brown eyes and thick legs
Only for the Rule baby

I wanna be your chick
I wanna be down for you
Do ya trust me? Yeah
Love me? Yeah

You're putting it on me
You must be, ya down down ass chick
I wanna be your chick
It only for the Rule baby

I'll ride for you
Down for you, do anything you
Want me to
I'll be ya down ass chick

Now baby, I told you
I can show you better than I could tell you
Blow trial to bring commissary and mail
Those sweet words and nacked face

I'm still that pretty down down ass
Two cars behind ya six
And I diss any clown
Glockin' my round ass

Only a down ass and it's all for you
I've grown a tad bit
Since we've been at it like rabbits
The booty little plumper and it's
(All for the Rule)

Who's gonna love ya like that?
Thug wit you, with a stack to the ceiling
Splitting a dub with you
'Cuz I play my position

Cold D's O G's
Until that blood shed blood red
And we O D ed
Remember every word that you told me
(Show me, hold me)

All you need in your life is chuck
Drugs, and dubs or twenty twos
Now tell me who da hunny for you
Chuck

I wanna be your chick
I wanna be down for you
Do ya trust me? Yeah
Love me? Yeah

You're putting it on me
You must be, ya down down ass chick
I wanna be your chick
It only for the Rule baby

I'll ride for you
Down for you, do anything you
Want me to
I'll be ya down ass chick

I wanna be your chick
I wanna be down for you
Do ya trust me? Yeah
Love me? Yeah

You're putting it on me
You must be, ya down down ass chick
I wanna be your chick
It only for the Rule baby

I'll ride for you
Down for you, do anything you
Want me to
I'll be ya down ass chick
