"Drown"

(feat. Somong & Kenny Dark)

Please don't let me drown drown drown (I'm so cold)

Please don't let me drown drown drown (Don't let me
drown)

Please don't let me drown drown drown (I'm so cold)

Please don't let me

Please don't let me

Yes sir

They fought me

I'm going in the downer shape

Into the darker days

Please don't let me drown (drown)

All life was fatally

The burst of your judgment day

Please don't let me drown (don't let me [x4])

Drown drown drown

Lord let me take it both water like the French quarter

I'm so walker now

I'm overlooking the ocean

From the deck of the yacht the view's gorgeous

They have the shark in the waters

But is the few who's among us

Nigger, they wanna bite like piranha

I overflow near DiCaprio

I'm top ten bigger than life the aura

If this ship sink nigger I'm gonna walk on water

Gigantic but Jesus I'm of the Christian manic

How do I manage? To be above average and not ever
again

To be the one to dive in knowing I can't swim
For me to go under not breathing
I'm drowning

I'm going in the downer shape
Into the darker days
Please don't let me drown (drown)
All life was fatally
The burst of your judgment day
Please don't let me drown (don't let me [x4])

Pray for me cuz I tested positive
For being the shit now niggers won't touch me
And I'm allergic to broke niggers, trust me
Independent, been in the blood since a youngun
So I'm thinking there ain't no cure for my illness
And the diagnose is just something I could live with
Cause I'd have make it rain on bitches, storm on
niggers
Cash flow like rivers (Please don't let me drown)
The drifting it wasn't enough for me
To be in the deepest of waters, to feel like I'm
snorkeling
Off shore and this so reassuring
That I'm still sick, in need of a donor
Cuz I'm heartless, so I dive in
No life vest, knowing I can't swim
So if I go under and I'm breathing
Am I drowning?

I'm going in the downer shape
Into the darker days
Please don't let me drown (drown)
All life was fatally
The burst of your judgment day
Please don't let me drown (don't let me [x4])

This is the story of a girl (pray)
Who cried a river and drowned the whole world (they
fought me)
I told her cry me a river, little mama don't give up
Daddy's here to deliver, the world is cold
So them tears you can tie them up
Just don't wanna let 'em running down your face
Baby the world is frozen
I told her if she shared it with me then it'd be ours
Like anything you maw
How can you give and drown?
Under water I can't hear a sound but I
See the rain dropping like tears from god am I
Mother's telling me that it's a sign of wealth

When I don't think the lord is too fond of her
But there's gotta be a reason
I'm not drowning, right?

I'm going in the downer shape
Into the darker days (kill my lights in here baby)
Please don't let me drown (drown)
All life was fatally(it's black out now)
The burst of your judgment day
Please don't let me drown (don't let me [x4])
Please don't let me drown (don't let me [x4])
