How many *** hit the scene like Rule
Bentley GT, pushin' through, bock flooded with jewels
H-2 with the hungerous Rule beside me
Armed up the army, don't play that with nobody

Rule, Murder and Gotti
We hittin' *** like Lowe's be hittin' switches, 16 at a
time
Times that behind with me down we lose and find
X style the night that they mind, but these are the times
with renegades

Prowlin' this *** with braids
Leather gloves with dark shades and sowed off day
Reminisclin' the Cleo, she go to livin' life flawless
Who the boss in all this? The God unfortunately?

I'm givin' *** 1 to 3, that means 1 to 3 hours
To accomplish what we have built here
You didn't know this is Rule here
I'm cockin' back, I got an idea

Just hop, just h-hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Hop, hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Y'all *** wanna see the N-G
I'll go watch it like it's a hundred and ten of me
Bustin' in every direction, the Public Enemy
But nah, I ain't Chuck B, it's Rule, baby
Y'all *** wanna get it crazy, come on y'all can't fade
me

The music is slavery, roll up and haze me
Because most *** is lazy cotton pickers
Wish they'd find out it's me and my *** they gone

'Cause they prisoners of they own home, we party and
get it on

Live it up as soon as we hit 'em home
We tuckin' away the chrome and humpin' up on some

We dem *** you love to hate, I know
Who cares, I been blowin' your *** back out for years

Plus she sheds so many tears for me
While you was away, was around the time I made put it
on me
So homie, stay from 'round here, you ain't know
This is Rule here, I'm cockin' back, I got an idea

Just hop, just h-hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Hop, hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Yeah, you feelin' hot, tonight
Well, looka here playboy, we could go outside
Yeah, you feelin' hot, tonight
Well, looka here playboy, we could go outside

Huh, you feelin' hot, tonight
Well, looka here, lil' mama, we could go outside
Huh, you feelin' hot, tonight
Well, looka here, lil' mama, we could go outside

Certain *** need to be kissed in the ground that I walk
Shuttin' up when I talk, it's Rule in full floss
5-0 is tellin' him X marks the speasy
How *** gettin' this money, it can't be this easy

Believe me, I see between cracks and crevices
Angelic and devilish, who thinks better than this?
The shell love and angel live in the darkest angles
This is Rule here, I'm cockin' back, I got an idea

Just hop, just h-hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Hop, hop, just hop, 'cause I pop, 'cause I pop

When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Yeah, you feelin' hot, tonight
Well, looka here playboy, we could go outside
Yeah, you feelin' hot, tonight
Well, looka here playboy, we could go outside

Huh, you feelin' hot, tonight
Well, looka here, lil' mama, we could go outside
Huh, you feelin' hot, tonight
Well, looka here, lil' mama, we could go outside

Just hop, just h-hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run

Hop, hop, just hop, 'cause I pop, 'cause I pop
When you see the Rule comin'
Clear the block, hop, just hop, 'cause I pop, 'cause I pop
When you see the chrome, run
