Yea *[echoes]*

I feel the rain comin down on me niggas, heh *[echoes]*

When the sun gon' shine? *[echoes]*

My lord, somebody us all, heheh *[echoes]*

[singer: repeat in background]

I think the reign is callin murda (Murda)

I think the reign is callin murdaaa (Mur - da)

I think the reign is callin murda (Murda)

I think the reign is callin murder (Mur - da)

[1st verse:]

Dear Lord, can you, feel my pain

If you can't it's alright, cause I'ma live my life anyway

Just let, it, rain - on me

I feel, so free like a, cool breeze

And when the sun dont, shine

Fold up the mini-blinds, load up them lucky 9

hit 'em from behind

That's, my, life - and it'll never be the same

Never again, and the game is to blame

Don't get caught up in your Range Rover, pullin over

On the Westside highway shoulder, nigga I'll blow ya

like a windshield, leave yo' mind on the windshield

And have yo' whip through in windmills, that's what rain
feels like,

when it's hittin a little harder than drizzlin

pickles flyin out pistols, gotta niggaz cryin they

Christians

I can't believe shit has come to this

It's unheard of, now it's gonna reign down murder

[Chorus]

I think the reign is callin murda (Murda)

I think the reign is callin murdaaa (Mur - da)

I think the reign is callin murda (Murda)

I think the reign is callin murder (Mur - da)

[2nd verse:]

God only breathes to confess to them, bury the rest of
them

A storm is comin, I got a hundred mile runnin head
start
On these niggaz cause it's murder for life
Drugs, bitches, the money be my only vice
But I'm livin life in the fast lane, doin the damn thang
In the Ferrari hard top watchin hard rain

It's a damn shame, no more games
No more love, baby boy I throw back slugs
Through your Green Bay throwback, I hits that up
And let you know where the reign is from
You ever heard of mixin whiskey with Jamaican rum?
You get Biggie
Mix gin with a little cocaine, you got me
And my style is a little too savage to not be
Be looked upon as one of the illest to MC
Y'all niggaz want it with me? That shit's unheard of
Cause niggaz, now it's gonna reign down murder

[Chorus]

I think the reign is callin murda (Murda)
I think the reign is callin murdaaa (Mur - da)
I think the reign is callin murda (Murda)
I think the reign is callin murder (Mur - da)

[3rd verse:]

Nobody loves me
Sometimes I wish the good Lord would come down and
hug me
I take a look at my life, it's gettin ugly
And now I know that you all wanna slug me
I can get above it, it's my life and I thug it
Even though I live it close to the edge
I'm gettin closer to death, with every little step
that I take, and be awake of my last days
I hope the sun shines with a light rain
That would mean the world shared my pain
And now the world could be happy again, smile
Cause if I ever walk "The Green Mile"
You can look at me and blame it on my lifestyle
What can I say? I was raised as an only child, lonely
Poppa disowned me, so the streets raised me
now call me crazy is not unheard of
Now it's gonna reign down murder

[Chorus]

I think the reign is callin murda (Murda)
I think the reign is callin murdaaa (Mur - da)
I think the reign is callin murda (Murda)
I think the reign is callin murder (Mur - da)

[repeat to fade]
