He who believeth in Ja
Shall not be condemned
But he that believeth not
Is condemned already
Only because
He has not believed
In the man and the only begotten son
My Lord

For he so feared the world
He left his only begotten son
To shed his blood
Show that pain is love
But I wont cry
Cause I live to die
Wit my mind on my money
And my guns to the sky

Yeah, Why would you leave somethin you love here to die
In the cold, And it grows Like a concrete rose
Beautiful aint I? Till I withered and died
On the same streets you left me And, screamin Lord let me in
I dont know where to begin Since I lost your love
But then again your love, Was strictly for the drugs
I dont know whether to hug Or to fill you with slugs
Fuckin them whores, Instead of claiming whats rightfully yours
Pierced a hole in my heart from all the pain you caused
With no direction you left, your first born lost
Give or take a few Cause my hate for you
Grew, over the years Through blood, sweat and tears
I wanted to be just like you, My father figure
now I want to fight you, You bitch nigga
You left me alone, And parts of me never out grown
The fact that you left home When moms was so strong
Dont let them get you fed, This world is yours she said
Now nothin that stoppin me but two to the head
In life theres more to come, When its all said and done
You lost one love Your only begotten son

For he so feared the world
He left his only begotten son
To shed his blood
Show that pain is love
But I wont cry
Cause I live to die
Wit my mind on my money
And my guns to the sky

For he so feared the world
He left his only begotten son -ac
