There's no me  
In the beginnin', it was me, Nas  
(Blastin', I'm blastin')  
I stood alone but now  
(Ashanti)  
Don't you know that I will never leave?

Murder I.N.C. y'all  
It's Murhhh! Nigga, ha ha!  
It's over now, y'all know that right?  
(Irv Gotti!)  
I'll Will baby  
It's Murdah, for life

My enemies want sorta the same respect, I was born  
with  
Godson, tatted on my chest it's permanent  
The rap Albert Anastasia, you cowards  
Y'all want the crown from the black power man of Asia

Snap out your dreams and prayers of takin' a king's  
paper  
Ask another rapper how it feels to lose his whole  
gangsta  
(How it feel?)  
You're a no namesta, ya little mans is no threat  
You make me upset I might stank ya  
(Blastin')

Inc. is the Murdah, I'll Will merger let my cash  
Make sex with yo' cash, it can't hurt us  
Phones ringing off the hook, Bush and Bloomberg  
callin' me constant  
Streets wanna know the cause of that gossip

Nas is Lord of the projects 'til the coffins drop  
In the ocean like a Amistad slave overboat when  
It's a new day ya should be scared, I'm back with Stoute  
South side, Queens bridge, the hood's in here

There's no me without you  
(Uh, talk to me, there's no me y'all)

I can't be without you  
(I.N.C. I'll will now)  
Don't you know that I will never leave  
(Talk to me now)

homicide  
And murdah be the case when I kill 'em

Whyyy, would they get a nigga like me started?  
I'm regarded the hardest workin' artist since 'Pac  
niggaz!

And I ain't talkin' if I'm liked or better  
I'm talkin' if he was here we'd probably ride together  
On this chick ass nigga with curls, bitch dog!  
Get at me dog, Rule nigga the boss

You always been a punk now ain't it a pity  
That you runnin' to I.G., dyin' to be me  
But I pledge, I.N.C. and for the love  
I'll bleed it in blood and die from hot slugs,  
motherfuckers

There's no me without you  
(Uh talk to me, there's no me y'all)  
I can't be without you  
(I.N.C. I'll will now)  
Don't you know that I will never leave  
(Talk to me now)

Murdah I.N.C. you know that I can't see myself  
livin' without you, bein' without you, breathin' without

What you done to me, you know that I can't see myself  
Livin' without you, bein' without you, breathin' without  
you baby

There's no me without you  
(Uh talk to me, there's no me y'all)

I can't be without you  
(I.N.C. I'll will now)  
Don't you know that I will never leave  
(Talk to me now)

There's no me without you  
(Uh talk to me, there's no me y'all)  
I can't be without you  
(I.N.C. I'll will now)  
Don't you know that I will never leave  
(Talk to me now)

There's no me without you  
(Uh talk to me, there's no me y'all)  
I can't be without you  
(I.N.C. I'll will now)  
Don't you know that I will never leave  
(Talk to me now)

I shall not fear no man but God  
Though I walk through the valley of death  
If I should die before I wake

It's Murdah!  
It's Murdah, for life
