What you tryin' to do for me ?

Does it really matter, you to take a cab or a bus?  
Trying to get to where I am 'cause you lust for me  
We end up making love, tell me what'cha wanna do?  
I just wanna be the one you come and give all your love  
Make a nigga take all your love  
I wanna show you things, give you things  
It's all on you, you, you  
If I could just have a minute  
Baby, come and take a ride with me  
Baby, won't you spend your life with me  
All I want is you, you, you  
I know you're right for me  
Girl, you're everything I think I need

Said it's only right when you feel like  
You're lonely  
That you get with me  
I got the kind of love you don't get tired of  
And I put that there on everything

Baby, what'cha trying to do for me  
Heard that you were looking for  
A good lovin', not for sure  
I know just what'cha came here for  
Just trying to do for you  
I'll spend all my loot for you  
Tell me what'cha going to do  
What? What'cha going to do?  
What'cha trying to do for me?  
Heard that you were looking for  
A good lovin', not for sure  
I know just what'cha came here for  
Just trying to do for you  
I'll spend all my loot for you  
Tell me baby what'cha trying to do?  
What'cha trying to do for me, baby?

I can prove it if you wanna we can really 'cause I gotta  
enough

You can get all my love  
Baby I give up, don't ya know what really came here for  
If you're thinking that you can be the woman who got  
love for me  
Feeling like you gotta be  
Let me know if you like my flow  
And we can go, how you wanna go  
Now that I have a minute  
Let me tell you that you're beautiful  
And baby that I love you so  
That's how the story goes  
And now I see that your love is always on time  
Baby, I say to you

Said it's only right when you feel like  
You're lonely  
That you get with me  
I got the kind of love you don't get tired of  
And I put that there on everything

Baby, what'cha trying to do for me?  
Heard that you were looking for  
A good lovin', not for sure  
I know just what'cha came here for  
Just trying to do for you  
I'll spend all my loot for you  
Tell me what'cha going to do  
What? What'cha going to do?  
What'cha trying to do for me?  
Heard that you were looking for  
A good lovin', not for sure  
I know just what'cha came here for  
Just trying to do for you  
I'll spend all my loot for you  
Tell me baby, what'cha trying to do?  
What'cha trying to do for me, baby?

Baby, what'cha trying to do for me  
Heard that you were looking for  
A good lovin', not for sure  
I know just what'cha came here for  
Just trying to do for you  
I'll spend all my loot for you  
Tell me what'cha trying to do  
What? What'cha going do?  
What'cha going to do for me?  
Heard that you were looking for  
A good lovin', not for sure  
I know just what'cha came here for  
Just trying to do for you  
I'll spend all my loot for you

Tell me baby, what'cha trying to do?  
What'cha trying to do for me, baby?
