Here's to Him my guardian
There He is, He moves faster than light
His body holds tremendous might
His face doth shine ever so bright

His enemies tremble with fright
Jesus is my Superhero
Once He died for me
I'm His trusting sidekick

We will beat the enemy
There he is, He labors day and night
Somehow I'm always in His sight
Without a doubt He'll do what's right

With any foe He'll win the fight
Evil's on its way
But my Savior's here to save my day
