i'm just a gremmy surfing tandem with the best
on every wave my life is put to the test
i'm just a gremmy getting hassled by the shark
the impact zone is my home till it gets dark

i'm just a gremmy who's addicted to wax
my poor old board is decorated with cracks
i'm just a gremmy with my head in the sand

like the tide i'm high then low
but this gremmy's going pro
