Busting through the open air, now I'm getting
somewhere
And I'll be on the sunny side nonthing's gonna stop this
ride
Northing's gonna stop me

I try to reach the clouds
They try to shoot me down
I can feel the doubt
But there ain't nobody taking me out

I try to reach the clouds
They try to shoot me down
I can feel the doubt
But there ain't nobody taking me out

Out of breath and full of fire, boy I'm on a high wire
It's just another do or die, just another long, long night

I try to reach the clouds
They try to shoot me down
I can feel the doubt
But there ain't nobody taking me out

I try to reach the clouds
They try to shoot me down
I can feel the doubt
But there ain't nobody taking me out

There ain't nobody taking me out
There ain't nobody taking me out
There ain't nobody taking me

I try to reach the clouds
They try to shoot me down
I can feel the doubt
But there ain't nobody taking me out

I try to reach the clouds
They try to shoot me down
I can feel the doubt
But there ain't nobody taking me out

But there ain't nobody taking me, yeah there ain't
nobody taking me out
