Where would I be without you, baby?
So if you need me, if you want me to put it on you
Because I love you and don't you forget it
Whenever you need me

If you want me to put it on you, come on
Darling, where would I be?
(Where would I be without you?)
Baby, without you

Where would I be without my baby?
(Baby)
The thought alone might break me
And I don't want to go crazy
But every thug needs a lady

Man, I feel like you and me been born in together
Inseparable, you choose pain over pleasure
For that you'll forever be part of me
Mind, body and soul, ain't no I in we, baby

When you cry who wipes your tears?
(You)
When you're scared
Who's telling you there's nothing to fear?
(You, you, you)
Girl, I'll always be there
When you need a shoulder
To lean on, never hesitate

Knowing you can always
Call on your soul mate and vice versa
That's why I'll always be the first to see Jacob
And frost your wrist up, now, you owe me
I know you're tired of being lonely
So, baby girl, put it on me

Where would I be without you?
(Where would I be without you?)
I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(I need someone to hold me)
So, baby girl, put it on me
(I will, I will, I will)

Where would I be without you?
(What'd I be without you?)
I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(So I need you to hold me)
So, baby girl, put it on me

I appreciate the rocks and gifts that you cop me, baby
And The house on the hill where you dropped like 80
On the down payment thinking, 'Damn, ain't life crazy?'
And ever since for my honey, I've been twice the lady

What would I do without the nights that you kept me
warm?
(What would I do?)
When this cold world had a girl caught in a storm
And I accept who you with when you caught in the
wrong

And respect when you flip 'cause our love is strong
And when you hit the block I'll watch for 10/4
And when my Pop's asleep you sneak in the back door
Baby boy, we been down since Jr. High

So when life get hot in July, it's the world
against you and I
We balling together and never part from the heart
Knew that it would last forever
When you told me you would never leave me lonely
(Lonely)
So, baby boy, put it on me

Where would I be without you?
(Where would I be without you?)
I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(I need someone to hold me)
So baby girl put it on me
(I will, I will, I will)

Where would I be without you?
(What'd I be without you?)

I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(So I need you to hold me)
So baby girl put it on me

Since we met it's been you and I
A tear for a tear, baby, eye for an eye
And you know that my heart going to cry
If you leave me lonely

'Cause you not just my love, you my homie
Who's going to console me?
(My love)
I'm out of control, hold me
(My love 'cause I'm yours)
And I don't want to do nothing to hurt my baby girl

If this was our world it would be all yours, baby
The thought alone might break me
(Break me)

And I don't want to go crazy
(Crazy)
'Cause every thug needs a lady
(Yes, he does)

I forgive you, baby 'cause those eyes ain't lying
Wash away all the tears, baby, no more crying
(No more crying)

Baby and you complete me
And I would die if you ain't with me
So, baby girl, put it on me
(Come on)

Where would I be without you?
(Where would I be without you?)
I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(I need someone to hold me)
So, baby girl, put it on me
(I will, I will, I will.)

Where would I be without you?
(What'd I be without you?)
I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(So I need you to hold me)
So baby girl put it on me

Where would I be without you?
I only think about you
(If what you're saying is true)

I know you're tired of being lonely
(I need you to hold me)
So, baby girl, put it on me
(Hold me, hold me, hold me)

Where would I be without you?
(What'd I be without you?)
I only think about you
(I think about you, too)

I know you're tired of being lonely
(Yes, I'm so tired)
So, baby girl, put it on me

Where would I be if it weren't for you, baby?
'Cause I'm so tired of being lonely
Where would I be if it weren't for you?

'Cause I'm so tired of being lonely
Don't you know that I love you
I need you, I want you?
