it's forever now. no turning back point for us. from now
on you're all i need by my side. a brief fairy-tale,
storybook-like ending. the stars have never shined like
tonight. so i say: take my hand. hold on tight the trip is
rough, but we'll make it safe, yeah. since you kept me
up talkin for hours, dried me off from the morning
showers yeah. life's always better than, it's ever been.
from the time we walked down to the fountain. even
when we're mad and shouting yeah. life's always better
than, it's ever been. i look at your face, and in your
eyes i see it. my whole future rides on your smile. i
won't let you down, and i'll be there if you fall. this is
how our movie ends for now. so i say: take my hand.
hold on tight the trip is rough, but we'll make it safe,
yeah. since you kept me up talkin for hours, dried me
off from the morning showers, yeah. life's always
better than, it's ever been. from the time we walked
down to the fountain. even when we're mad and
shouting yeah. life's always better than, it's ever been.
