Toothpick's in my eyelids lying wide awake in bed

Toss-in and turnin like the sea

Moonlight shinin in like headlights in my room

Hypnotized by the strips on my TV

(Rf) whoo I'd give anything
For just one goodnight sleep
One goodnight sleep

Counted a hundred different herds of sheep

Poured a bottle off NyQuil in my veins

That alarm clock like a time bomb keeps ticking the nite
away

And morning weighin heavy on my brain

(Rf) whoo I'd do anything
For just one goodnight sleep
One goodnight sleep

Sunrise should find my eyes closed for ever more

Place a red rose across my chest

And carve on my tombstone for all the world to see

Her memory would not let me rest

(Rf) whoo I'd give anything
For just one goodnight sleep
Whoo I'd give anything for just one goodnight sleep
One goodnight sleep
