(Campbell, Deery, Noyes, Nugent, Santorlillo)

You can buy a new car If that suits your style..Take a vacation on a tropical Isle.

You can search the world over and dig what you find But you can't put a price on Peace of mind. Peace of mind.

You can swear off drinkin' stop eatin' red meat. Give your money to charity or Some stranger on the street.

You can join a twelve-step program if you're so inclined But you can't put a price on Peace of mind. Peace of mind.

There's no magic answer, there's no instant fix. No shop-at-home service to Satisfy your itch.

All the money in the world but you still can't buy. Cause you can't put a Price on Peace of mind.

Just follow your rapture right to it's end. Try meditation, practicing Zen.

You'll see happiness is something that comes from inside.

And you can't put a price on Peace of mind. Peace of mind.

There's no magic answer, there's no instant fix. No shop-at-home service to Satisfy your itch.

All the money in the world but you still can't buy. Cause you can't put a Price on Peace of mind

You'll see happiness is something that comes from inside.

And you can't put a price on Peace of mind. Peace of mind.

You can't put a price on Peace of mind Peace of mind
