Turn the dial to station twenty-seven
You said you and I were just heaven
But that's not what they think
Click and switch it to channel five
Good to know that I'm still alive
I guess that I'm here at the brink
But I still can't do a damn thing

[Chorus:]

I only changed my ways for me
Didn't change for you, but you don't see
Switched personalities to be free
Now I'm changing the channel on you and me

Grab the remote, channel thirty-three
You will never understand the ways of me
But I suppose that is just okay
Press the red button to turn it off
Figuring out where we went wrong
I'll have to sleep until Saturday
Yet I still can't do a damn thing

I only changed my ways for me
Didn't change for you, but you don't see
Switched personalities to be free
Now I'm changing the channel on you and me

A million channels and nothing's on
On the TV, I hear a song
It makes me feel like there's hope
But by now I should know

I still can't do a damn thing
So I digress

I only changed my ways for me
Didn't change for you, but you don't see
Switched personalities to be free
Now I'm changing the channel on you and me

I only changed my ways for me
Didn't change for you, but you don't see

Switched personalities to be free
Now I'm changing the channel on you and me

I'll figure out how to do something
