Will you please shut your mouth?
And give me all your attention
Stop yelling so loud
And please try to simply listen
Why did you lie? Why do you cry?
You brought this on yourself
So now I'll just sit back 'cause all's well
You're stumbling through the world's hell

[Chorus:]

Don't you know you're a filthy liar?
You acted as if you were so much higher
But now you've fallen from your pedestal
Even though you used to have it all
Eventually I came around
Betcha didn't think that I found out
You're nothing but a filthy, dirty liar

Don't even tell me you still love me
It's quite obvious you don't
It's laughable, the way you act
You're obviously stoned
I would never wish bad things on you
Doesn't mean I'll bless
All I'll do is take the ace
And leave you with all the rest

[Chorus:]

Don't you know you're a filthy liar?
You acted as if you were so much higher
But now you've fallen from your pedestal
Even though you used to have it all
Eventually I came around
Betcha didn't think that I found out
You're nothing but a filthy, dirty liar

This shouldn't take too long
Just admit to me you're wrong
Looks as if you're feeling lost
Outside in the winter storms and frost

[Chorus:]

Don't you know you're a filthy liar?
You acted as if you were so much higher
But now you've fallen from your pedestal
Even though you used to have it all
Eventually I came around
Betcha didn't think that I found out
You're nothing but a filthy, dirty liar

[Chorus:]

Don't you know you're a filthy liar?
You acted as if you were so much higher
But now you've fallen from your pedestal
Even though you used to have it all
Eventually I came around
Betcha didn't think that I found out
You're nothing but a filthy, dirty liar

You left me on a wire
You filthy, cheating liar
