Don't sit there talking to me
As if I'm some kind of freak
All I want to do is break free
That's why I have to leave
You'd do the same if you were me
Too bad that you're too blind to see

I'm running around in circles
It feels like a slap to the face
Don't you try to stop me
I'm in a higher place

[Chorus:]
If you were me
What would you do?
Would you hate you?
What you want me to rush on through?
Would you scream loud?
Would you freak out?
If you were me

My nerves are getting so thin
Why do you tread on them?
That's not how the story goes
Just like the ocean
Our hearts are opened
To suggested insanity

I'm still spinning around
Only want to hit the ground
Turn my smile to a frown
So I can come back down

[Chorus:]
If you were me
What would you do?
Would you hate you?
What you want me to rush on through?
Would you scream loud?
Would you freak out?
If you were me

You want a brand new image
I don't care about it
It will probably be shit
That's all that I think about this

[Chorus:]
If you were me
What would you do?
Would you hate you?
What you want me to rush on through?
Would you scream loud?
Would you freak out?
If you were me

[Chorus:]
If you were me
What would you do?
Would you hate you?
What you want me to rush on through?
Would you scream loud?
Would you freak out?
If you were me

[Chorus:]
If you were me
What would you do?
Would you hate you?
What you want me to rush on through?
Would you scream loud?
Would you freak out?
If you were me

What would you do?
