You caught my eye, you did  
Your body's like a brick  
Oh girl, you're the shit  
Want to kiss you on every bit  
You've got my licking my lips  
Can't believe that you're so damn fit

Don't leave me high and dry  
You'll leave me wet, I bet  
The way you move is mesmerizing  
The way we kiss is so surprising

[Chorus:]  
Welcome to my place  
You've got every bit of my space  
You just walked through the door  
Got me begging for more  
Don't just leave me begging here  
Just whisper in my ear

You're in this room  
Don't you feel so trapped  
Not talking about being your groom  
Just want you on my lap  
You make me hot  
Want you to drop

Turn up the volume  
Turn up the heat  
I am loving you  
And you are loving me

[Chorus:]  
Welcome to my place  
You've got every bit of my space  
You just walked through the door  
Got me begging for more  
Don't just leave me begging here  
Just whisper in my ear

Finally I got you here  
Don't ever leave me, girl

Month after month, year after year  
We could rock each other's world

[Chorus:]  
Welcome to my place  
You've got every bit of my space  
You just walked through the door  
Got me begging for more  
Don't just leave me begging here  
Just whisper in my ear

[Chorus:]  
Welcome to my place  
You've got every bit of my space  
You just walked through the door  
Got me begging for more  
Don't just leave me begging here  
Just whisper in my ear
