You get your money extra fast
But you know that it won't last
It will all be in the past
Before you undo your cast
You buy a million dollar purse
But deep inside, you hurt
You'd never tell anyone
Don't want to eclipse your sun

It's all a fad that just won't last
Hold that bag while all the camera's flash

[Chorus:]

You're only another one in the race
Can't even stand to live slow pace
You're just another girl in this world
Scatter-brained, frazzled, in a whirl

You've dated every single boy
Own all the world's toys
You love your plastic surgery
But you still look fake to me
Hop in the red Ferrari
But don't forget about me
And everything that I've said
Keep it all in your head

It's all a fad that just won't last
Hold that bag while all the camera's flash

[Chorus:]

You're only another one in the race
Can't even stand to live slow pace
You're just another girl in this world
Scatter-brained, frazzled, in a whirl

You're at the movie premiere
You say that you're so happy to be here
That's your prerogative
But you just aren't the shit
Do you feel that heavy burn?
I guess in time you'll learn...

[Chorus:]

You're only another one in the race
Can't even stand to live slow pace
You're just another girl in this world
Scatter-brained, frazzled, in a whirl

[Chorus:]

You're only another one in the race
Can't even stand to live slow pace
You're just another girl in this world
Scatter-brained, frazzled, in a whirl
